

What is a matrix?

- It is a table that helps you to summarise and compare different sources within your research.
- See the examples below for three different approaches.

Thematic: provide a summary of the viewpoint & relevant pages.

	Source A:	Source B:	Source C:	Source D:
Theme ...				
Theme ...				
Theme ...				
Theme ...

Theme ...				

QUADS Approach:

Question (write research questions below)	Answer	Detail	Source

Traditional literature review:

Source details	Summary key topics	Useful pages/aspects	Use in my work	Links to other sources
